

EXODUS

PART 2: IDENTITY

JANUARY 20, 2018 | **FAMILY** GROWTH GUIDE

The Gift of Music

Exodus 15:1-21

Message Big Idea

Singing honors God and inspires others to honor Him as God.

Family Activity

Break out the instruments (either real or play) - wooden spoons, pots, pans, etc... It's time to celebrate the Lord in SONG!!! Israel sang to the Lord after their salvation from Egypt and Pharaoh. They sang as an expression of worship, joy, and celebration to their Rescuer. Let's spend time learning that God not only deserves our praise, but He enjoys it!

Activity #1

Spend time singing to the Lord in song as a family. Play a family favorite on your TV, radio, or hand held device and sing with your favorite praise and worship artist. OR just use your voices as a family and lift up the name of Jesus.

Activity #2

Create your own worship song. Work together as a family and create a song (or just a chorus) that expresses how you feel about your God. Your song may just have vocals only or maybe you need some 'air guitar' or 'air drums'. Maybe go to the next level and put it to instruments and have your kids add some rhythm with their hands, drums, or banging on some household items.

Activity #3 (Optional)

Make a homemade video of your family's custom song. Let your kids video, edit, be the director, etc... of your 'worship video'. Have fun praising and recording your song on your phone or camera. Post your songs on the gsKidz Facebook Group Page or on the gracespring Facebook Page and share your celebration!
